There is a park switch located inside the round cover held in place by several screws on the face of the wiper motor where its wires attach. This cover is clocked, so if you do remove it, be sure cover returns to the same exact position you found it during reassembly, under it is a slightly bent springy strip of metal the forms the park switch.

Published continually since 1998, "NEWS YOU CAN USE" was a Blog before "Blog" was even a word! Its intention has been to help inform the football coach and the interested football observer on a wide variety of to pics, usually - but not always - related in some way to coaching or leadership. It contains news and views often (trigger alert!) highly opinionated but intended to be thought-provoking.
