Facts & Figures: Rural Women and the Millennium

Rural development is the process of improving the quality of life and economic well-being of people living in rural areas, often relatively isolated and sparsely populated areas.. Rural development has traditionally centered on the exploitation of land-intensive natural resources such as agriculture and forestry. However, changes in global production networks and increased urbanization have ...

Agriculture and Rural Development | European Commission

Rural poverty refers to poverty in rural areas, including factors of rural society, rural economy, and rural political systems that give rise to the poverty found there. Rural poverty is often discussed in conjunction with spatial inequality, which in this context refers to the inequality between urban and rural areas. Both rural poverty and spatial inequality are global phenomena, but like ...

Gender and Development: Challenges to Women Involvement in

When more women work, economies grow. If women's paid employment rates were raised to the same level as men's, the United States' gross domestic product would be an estimated 9 per cent higher, the Euro-zone's would climb by 13 per cent, and Japan's would be boosted by 16 per cent.
